- Build site with Django and SQLite3
- Build a backstage that can publish blogs

EDUCATION

The Web Developer Bootcamp | Udemy | spring 2018

• The Web Developer Bootcamp is a coding bootcamp that teaches the fundamentals and best practices of full stack web development. Core focuses in the class include client-side development using HTML, CSS, and SQL Server, with a secondary focus on full-stack development.

University of Rochester | 2016-2018 | Rochester, NY

- Master Degree of Material Science
